School board still undecided on high school bond issue

by Cheryll Ruley **Staff Writer**

With the June 14 school election fast approaching, the Crawford AuSable School District Board of Education remains undecided on the future of the Grayling High School improvement bond issue.

At their regular meeting on March 15, the Board put off any decision to put the issue to the voters for the third consecutive election because member Jim Tobin was unable to attend the meeting.

The Board agreed to meet early on the morning of Friday, March 19 to make their final decision.

President Marilyn Rosi conveyed to the rest of the Board and those in attendance, a message from Tobin concerning the bond issue.

Rosi stated that Tobin was of the belief that the same bond issue be presented to the voters and the idea of cutting the gym from the proposal would be detrimental.

"Sports programs have doubled since 1973," said Rosi. "Inclusion in the sports programs of as many students as possible is a goal of ours. That's why we initiated Freshman sports." Rosi also pointed out that it is

"illegal" for the high school not to have a Varsity girls' locker room. "We are out of compliance," she

Superintendent Kent Reynolds stated that the girls' locker room would fall under the category of "Mechanical, Restrooms, etc." and, because that facility is mandatory, does not fall within the realm of a

"I have been extremely disappointed and frustrated at the lack of participation on this issue," said Board member Jim McMillan. He stated that because of low turn-out at the three public meetings held

Camp Grayling and DEQ finish diesel spill clean-up

by Caleb Casey **Staff Writer**

A recent diesel spill at Camp Grayling is currently in the final stages of clean-up, according to Camp Grayling Environmental Manager John W. Hunt, and the camp is now awaiting a few final test results from the Department of Environmental (DEQ).

"We've got all the contaminated soil removed," said Hunt. "We're just awaiting sample results from the DEO. We feel from our field testing that it's completely cleaned out."

The 450-gallon diesel spill was discovered on March 2 at the Camp

Grayling Cantonment Area's aboveground tank facility. Camp Grayling officials said the spill resulted from "a leaking valve gasket on a loadout line.'

Containment and clean-up measures began immediately following the initial discovery, and are now in the final stages.

Hunt said that the clean-up has gone well. "No groundwater or water was impacted, which is good," he said.

The camp is now in the process of hauling the contaminated soils to an approved landfill for proper disposal, Hunt said.

throughout the county, he is "not getting the answer" of what the taxpayers will support in this matter.

"I still believe that we will get the best value from our investment when not piece-mealing improvements," McMillan said.

Board Carol member Ramaswamy aired her frustration over the low annual cost to the taxpayers for the improvements to be "For someone with a made. \$60,000 home, the improvements

Jack Pilon, Board member

would cost \$52.50 annually... and \$40 per year without the gym... How many packs of cigarettes can you buy for \$50? Tom Haskel's recent letter to the editor said it all." she remarked.

Ramaswamy went on to say that gym space and time to use it is so limited some kids start soccer practice at 6:30 a.m., while others practice until late into the evening.

"The sports program is sometimes a hook for those kids who wouldn't necessarily try at school. Some kids get good grades to stay in sports."

Gary Pettyjohn said, "I'm totally against splitting up this proposal." He stated that a lot of people have told him that they are against leaving off either the gym or the new

"I have been told by parents of third grade students and older people alike that they are in support of the improvements, although some don't want the gym," said Karl Schreiner, Board member.

Also a member of the Board, Jack Pilon remarked, resignedly, "I don't see any change in the apathy rate. I don't see a change in voter turn-

He continued, "I've talked to people of all ages. I am really surprised by the amount of people who would cut out the gym. I firmly believe we need the whole thing, but I'm a realist.. maybe we could at least get part

Rosi commented that she sees "no clear path, no clear majority" when it comes to the cost to low-income taxpayers, especially senior citizens. She said that she has heard comments for and against the proposal from that group.

A group of about five people representing the seniors' interests have attended all three public meetings and Norman Seaver represented them at Monday's meeting.

"There are people out there making only three to five dollars an hour," Seaver said. "How do they (the Board) expect these people to

pay higher taxes?" "Some seniors receive only \$400 per month Social Security and spend \$80 of that on prescriptions," he said.

Rosi concluded the discussion of the bond issue by saying. "I believe that this Board should have the same vision that the 1971 Board had.

"They had the vision to pass a nine mil issue for the Joseph Stripe Auditorium at that time. It was vision that made that decision and we have all benefitted from it. Therefore, I am leaning toward the whole package."

"We have gotten 25 years out of this high school," said Rosi. "I'd like to get at least another 25 years out of this school."

A final decision will be made by the School Board early Friday morning whether or not the issue will be placed on the June 14 school election ballot and announced in next week's Avalanche.

Meeting reveals Grayling qualities and downsides

by Caleb Casey Staff Writer

The Grayling City Council held a special meeting on Monday, March 15, in order to discuss various aspects of a Downtown Development Authority (DDA).

The meeting was intended primarily to serve as a forum for council members and anyone interested in the DDA formation process to talk about some of the things a DDA could bring to Grayling.

A DDA itself can bring in revenue using a variety of sources and can plan for marketing and beautification projects within its boundaries.

Council members and meeting participants, which included local merchants, citizens and governmental leaders, got together in small groups and went through a prepared list of questions. After a 45 minute discussion session the individual groups reported their answers.

The first question asked was, "What are the best qualities of business in Grayling?" Some of the answers were: location, natural resources, friendliness, National Guard presence, "unique" shops, community cooperation, "grassroots potential," tourism, locally owned and operated businesses, proximity ("get out of your car and everything's right there"), safe environment, hospital near town, and a stable tax base.

Question two dealt with possible downsides in the Grayling business community. ("What most distracts from business success in Grayling?") Answers included: "tired-looking" buildings and atmosphere, lack of parking, downtown store hours, snow removal, expressway access, inability to attract new business, lack of communication between government and businesses, lack of shopping choices, lack of affordable housing,

need more than the Canoe Marathon to draw people, marketing, excess signage, and empty store fronts.

The group also discussed other people that should perhaps be involved in the current DDA information-gathering process. The most common answers were school district representatives, other taxing authorities, and people opposed to a DDA being formed in Grayling.

Mayor Ralph Stevens said the information from the meeting would be collected, summarized and passed on to Dan Elliott, the city's DDA advisor.

James Briney, the Grayling Uptown District Association's DDA representative, said that the group discussion was beneficial, but he also wanted to discuss the DDA boundaries.

"This is a wonderful exercise, I'm glad we're doing this," said Briney, but there are still steps we have to take in order to have a valid public hearing on April 26."

(The City Council approved GUDA's request for a DDA public hearing on April 26 at its March 8 regular meeting.)

Specifically, Briney said the council must adopt the language of resolution, define DDA boundaries and be able to fulfill legal advertising of the hearing all before April 26. A DDA boundary and the resolution must be voted on 20-40 days prior to the hearing to be in accordance with the DDA law, Briney said.

Mayor Stevens said the next regular council meeting (March 29) would leave plenty of time to take care of a resolution, define a district,

Stevens said that Elliott, Michigan Director of Strategic Planning John Czarnicki, and a DDA attorney

Grayling Chamber Director resigns

by Cheryll Ruley Staff Writer

After two years of dedicated service to the local business and tourism community, Grayling Regional Chamber of Commerce Director Lynn Porritt-McConnell will be leaving her position to pursue other adventures as of April

Porritt-McConnell said she and her husband, Camp Grayling Commander Col. Gary McConnell, have led very busy lives and he is currently in his last year as Commander and as a member of the National Guard. He expects to retire in March, 2000.

"This community is still on the verge of a lot of growth," said Porritt-McConnell. "The community has the great opportunity to plan it's future by working together."

Over her two years of service, she said that she has seen an increase in cooperation and a change in attitude in the community -- civic, business and local govern-

'Swamp Tax' legislation now in **House Tax Policy Committee**

by Cheryll Ruley Staff Writer

Legislation introduced by State Rep. Ken Bradstreet (R-Gaylord) concerning an increase in State-paid "swamp tax" has been sent to the House Tax Policy Committee for further consideration.

If House Bill 4245 is passed, the State will pay \$2.86 per acre of state-controlled land to counties in lieu of property taxes. Customarily, the revenue is evenly divided between county general funds and appropriate townships.

Currently the State pays counties \$2 per acre and there has been no increase since 1986.

"Payments to towns and counties have not increased in 13 years," said Bradstreet. "For some, these

payments are significant and they are entitled to adequate revenue."

Rep. Scott Shackleton (R-Sault Ste. Marie) has introduced a companion bill, HB 4246, that would require the state treasurer to adjust the swamp tax rate annually to coincide with increase percentages in the Consumer Price Index.

HB 4246 is also up for consideration by the House Tax Policy

Both Shackleton and Bradstreet are fighting to ensure that state payments to counties keep pace with inflation.

There is an estimated 3.5 million acres in Michigan subject to the swamp tax, which would mean over \$3 million in additional general fund revenues.

ALMANACK

Pat Buchanan cuts a wide swath

(Editor's Note: Pat Buchanan is exploring a 2000 run for the presidency. He's run before. The Almanack took a look at his 1996 race. Not much has change. Here's how it looked then.)

PAT BUCHANAN, an unlikely American president if ever there was one, seems to be marching through the 1996 prenominating process like Gen. Sherman marched through Georgia.

And some Republican boosters fear the result to their party, politically speaking, may be nearly as devastating.

Gen. Sherman left Georgia a post-Civil War mess, and his famous march contributed to the long recovery of the South.

Many Buchanan critics predict the candidate's march through the presidential primary and caucus season may have similar effect on the Republican party.

There's no denying the Buchanan message resonates -- to use a popular political catchword of the day -- with broadening audiences.

IN SOME WAYS, Mr. Buchanan is heir to a developing line of Republican thought. Sen. Barry Goldwater in his 1964 race excited many of the same passions Mr. Buchanan excites today.

Religious broadcaster Pat Robertson as a candidate mined many of the same veins of Republican fervor a dozen or so years ago.

In a sense, Mr. Buchanan is a direct

In Mr. Goldwater's day, the John Birch Society, among other groups, reflected the extremism of the right which flocks to Mr. Buchanan today. In Mr. Robertson's efforts, the Moral Majority and other religious activists rallied, as they do today to Mr. Buchanan.

As before, these elements are not in the mainstream of the Republican party, but they are strong and vocal.

Some observers hear an echo of the George Wallace of 20 years or so ago in Pat Buchanan, and in many ways, they seem to

Buchanan rhetoric -- much of it contentious, some of it outrageous -- invites such comparisons.

THOSE WHO know Mr. Buchanan in another life indicate he is a delightful person, with a quick wit and an engaging personality.

Between campaigns -- he also challenged then-President George Bush in 1992 -- he is a television and newspaper commentator. Earlier he wrote speeches for Republican

But he's not held elected office or run a business or anything like that. He's always dealt not in deeds, but in words and ideas.

Some questions obviously arise:

Is Pat Buchanan serious? Does he really want to be President? Does he really think

he can make it?

From this distance, I would guess the answers are: "Yes" ... and a couple of "Wells ..."

He appears to be serious in what he is saying -- most of the time, although suspicion lingers that some of what he says is primarily for effect ... to create a bit of outrage ... to gather a bit of attention.

But he genuinely appears to want to see the political debate at least consider the planks of his campaign, which largely have been otherwise ignored.

WHEN HE got into this campaign, I would guess Mr. Buchanan entertained no serious notion that he would ever become President, so he doesn't really know even yet if he really wants the job.

But he's probably enjoying every minute of his campaign these days, and at this point probably is thinking: "Hey, wait a minute. Maybe I can really win this thing"

The lionizing and adoration that goes with a major candidacy can become beguiling and seductive. Throngs shout your name, and profess their love. They hang on every word. You're courted, and nourished, and pampered.

After a while, if he/she is not careful, a candidate can start believing his/her own campaign propaganda.

It's still a long, long shot for Pat Buchanan, either to end up the Republican nominee, or to win the White House.

But even if nothing more positive happens to Mr. Buchanan, one result of his candida-

His earning power for writings and speeches and personal appearances have certainly gone sky high ... which, a cynic might muse, could have been what he was really after all the time.

'Kangaroo court' causes taxpayer to sell cabin

To the editor,

To the 12 jurors who were in court January 21 and 22: you have convicted an innocent man. From the very beginning, this man was accused of something he had no involvement in. He was in the wrong place at the wrong time and those involved know it.

I was in court both days and I can remember hearing everyone of you admit to being acquaintances of those involved.

After admitting this, why didn't you just dismiss yourselves and help give this man a fair trial? Besides, you all acted too tired to be up so early in the day, anyway.

The whole point of him having a jury trial was because he is innocent and he wanted the evidence brought in front of everyone to show that they were wrong for accusing him. However, that didn't happen, did it?

All of the so-called evidence presented was fabricated or completely

misconstrued. The whole thing was a complete farce - including the

For those reading this who can't seem to read between the lines and get the gist of things, I have only to say: Beware of counties who claim they need more monies - this is how they get it - one wrongly convicted citizen at a time.

In response to the letter to the editor last week, I must defend The Avalanche. Actually, I write the captions about the animals.

You must realize that many of these pets are strays. A lot of the puppies are found dumped somewhere, unwanted. There rarely is any true information about them. I can usually see characteristics of some breed, not always.

The Senator doesn't explain which of the current Federal programs impact local authority, nor which Federal programs he wants to

But, if he eliminates Head Start and the School Lunch programs, he'll be able to reduce the whopping \$183 direct annual Federal subsidy per kid to near \$0; and, as a byproduct, reduce Federal influence over decisions made by local school

are lots of conservatives here in Northern Michigan who will support you. There are certainly many better things we could spend money on. For instance, we could give all our U.S. Senators a raise in recognition of their contribution toward improving local schools; or, we could investigate more of those nasty Democrats.

Go for it, Senator. I'm sure there

The Senator is right, though: local authority has eroded in recent years. However, he blames the Thanks to wrong capitol. Proposition A, \$3,464 (66%) of the revenue for educating Crawford AuSable School District K/12 kids

Lansing State of Michigan bureaucrats now have the financial clout to force local school districts to do pretty much anything they want them to do.

The headquarters of the Michigan Education Association (MEA) is also in Lansing. This powerful teachers' union has the financial clout to do the same.

The threats to local decision making authority are in Lansing, Senator. At 3% of total revenue, you boys in Washington aren't even

Citizens should take part in recycling program

A very positive event is taking place in our area when we can begin to recycle so many things as a result of efforts by the township supervisor, Terry Wright.

Citizens of Crawford County: let's cut down on the garbage that is going into the land -- find a spot in your homes, boxes or bins, and save everything that can be saved to go to the recycling center.

The cost for your permit is small

Crawford County - a nice place to live and raise kids

"Alone again"

To the editor,

As chairperson of the 1999 Grayling High School Project Graduation Committee, I wish to say how nice it was to see such community participation in our recent Super Rummage Sale.

It sure is nice to live in a community where such small things still make the front page of the local paper, not to mention the follow-up article after.

After 22 years of living in Crawford County, I still have "mall withdrawal" every now and again. but what a nice place to live and raise kids.

Post office can now confirm package delivery status

"I'm often asked by my customers, 'How will I know when my parcel gets there?' Now, I'm happy to say, I can answer that," said Grayling Postmaster Jana Tuck.

"Our new Delivery Confirmation service, to begin March 14, will give our customers the delivery information and peace of mind - all for a low cost.'

Like other special postal services, Delivery Confirmation is available at all post offices. The retail rate is 35 cents for Priority Mail and 60 cents for Parcel Post.

There are even lower rates for customers who can send and receive Delivery Confirmation information electronically.

This electronic option is available at no additional charge for

Delivery Confirmation is useful when mailing gifts, returning merchandise or finding out when a parcel got to its destination. By using the service, customers can find out whether their item was delivered, attempted, forwarded or returned to

Delivery information will be updated each evening and can be accessed by calling 1-800-222-1811 or log on to www.usps.gov.

Make sure to keep mailing receipts - they have the unique identification number needed to check the delivery status of a mailed item.

"So, now when you come into the post office with a parcel and ask, 'How will I know it got there?' Priority Mail and only 25 cents on We'll tell you," said Tuck.

Michigan Farm Bureau to host trade workshop in Grayling

In an effort to help Michigan agricultural producers understand both the benefits of exports and the competition from imports, Michigan Farm Bureau is hosting an International Trade Workshop on Thursday, April 8.

Assisting at the workshop to be held at the Holiday Inn in Grayling, beginning at 7:30 p.m., will be representatives from Michigan Department of Agriculture, Michigan Farm Bureau, and Michigan State University.

The workshop is designed to give Northern Michigan producers brief but thorough review of the current trade situation, trade agreements and their impact on trade, currency values, dumping, subsidies, dispute Bureau, 1-800-292-2680

resolution, export opportunities and current trade policy issues.

The focus of the workshop will be the primary concerns of area producers and it will last two-andone-half to three hours, with ample time for discussion and active participation by attendees.

The workshop is open at no cost to Farm Bureau members, other interested producers, agri-business leaders and the general public.

Refreshments will be provided and no advanced registration is necessary.

For more information or to submit a question to be answered at the workshop, please contact Ken Nye or Bob Boehm at Michigan Farm

OHM Foundation offers annual health care education scholarship

The application deadline for the \$1,000 Otsego Memorial Hospital (OMH) Foundation Scholarship is approaching.

"The scholarship serves two purposes for the Foundation," said John Kluck, Foundation President. "It enables us to return something to the community that has been so generous to the Foundation and, at the same time, we encourage interest in the health care fields and promote Gaylord as a great place to practice those skills after a degree is completed."

The scholarship is open to students of all ages. To qualify, an individual must be a full-time student at an educational facility in Michigan, must live in the OMH's service area, and must be studying for a career in a health care-related

The Bible Speaks

Creation Textbooks

The Melvindale-Northern Allen Park School Board is to be commended for endorsing the placing of creationist textbooks in its junior high and high school libraries for voluntarily student reference. The president of this Michigan public school board, John Rowe, said "The books are scientific textbooks that offer scientific evidence that evolution may not be true," he said. "I think any time we can have our students gain additional knowledge from credible science. we should do that." Rowe said the Detroit-area district wanted to advise students that evolution is a theory about the origin of human life, not scientific

More than a decade ago the Supreme Court ruled that public schools cannot teach that God created the universe. Last year, the National Academy of Sciences said evolution must be taught in public schools if children are to understand biology at all. Many secular scholars therefore reject and ridicule as merely a religious or faith position any presentation of evidence which questions the evolutionary theory of origins.

Yet, the mathematical probability that life originated by a naturalistic process, even involving a trillion years, is estimated as only one chance in the number 1 followed by 340 million zeroes!

(Professor Harold Morowitz, Energy Flow in Biology, Academic Press, N. Y., 1968) p.99. "...The known fossil record fails to document a single example of phyletic evolution accomplishing a major morphological transition and hence offers no evidence that the gradualistic model can be valid." (Steven M. Stanley, then at Johns Hopkins University, Macro-evolution, W. H. Freeman, San Francisco, 1979, p.96). Even Charles Darwin the father of the theory of evolution, said in Origin of Species, (J. M. Dent, London, 1972, p 292): "Geology assuredly does not reveal any such finely graduated organic chain; and this, perhaps, is the most obvious and serious objection which can be urged against it." (His theory of evolution.) In other words, there is no evidence in the fossil record supporting the existence of thousands of transitory species logically required to prove a chain of evolution between the different

Micro-evolution or gradual changes within a species has and can be proven. But macro-evolution or changes from one kind of species into another remains totally unproven. Dr. Robert E. Kofahl, Ph.D. illustrates this logic. "Since biologists cannot explain how an egg becomes a chicken in 21 days, all claims

that they have explained how an amoeba became a university professor in 3 billion years are fiction.

God revealed profound statements about origins in the Bible. (Genesis 1:1) "In the beginning God created the heaven and the earth." (Psalms 33:6) "By the word of the LORD were the heavens made; and all the host of them by the breath of his mouth." (Psalms 33:8-9) 'Let all the earth fear the LORD; let all the inhabitants of the world stand in awe of him. (9) For he spake, and it was done; he commanded, and it stood fast." Christians trust the above Scriptures by faith, not by science! (Hebrews 11:3) "Through faith we understand that the worlds were framed by the word of God, so that things which are seen were not made of things which do appear." Neither true faith nor true science are endangered by true facts.

March is National Kidney Month

Kidney disease often goes undetected for many years, until it reaches an advanced state which could lead to death if untreated.

"That is why it is important to make sure your doctor includes tests of your kidney function in your annual physical," said Dan Carney, executive director of the National Kidney Foundation of Michigan.

Two simple blood tests can help determine if your kidneys are functioning normally.

They measure the levels of waste substance in your blood that are normally eliminated by the kidneys. However, when your kidneys are not working as they should, wastes may build up in your blood.

Many people don't realize how important their kidneys are to their

good health. We tend to forget about these two small organs, located in our lower back. In addition to filtering wastes from your blood, the kidneys do key jobs to keep your body functioning smoothly:

• Kidneys produce hormones that help your body make red blood cells and regulate blood pressure

Kidneys strengthen bones by making an activated form of vita-

"It's also important to learn the early warning signs of kidney disease and to see your doctor if you have any of them," said Carney.

Some people think that as long as they are making urine, their kidneys must be working okay. However, this can be very far from the truth. Urinating more than

high blood pressure

Some signs cannot be detected without tests performed by your doctor. For example, your blood pressure can be elevated without causing any symptoms. And uncontrolled blood pressure is a leading cause of kidney disease. However, when these diseases are detected and controlled, the risk of kidney disease and other complications is greatly reduced.

The National Kidney Foundation has designated March as National Kidney Month and urges you to learn more about your kidneys and to get regular check ups that include tests for blood pressure, blood sugar, and kidney function.

The term "treasure" encompasses a myriad of meanings. To some, treasure is the promise of fortune...to others, natural beauty is their treasure. Yet, fortunes are gained and lost; and even nature falls prey to pollution and natural disasters. So. what is indelible in our search for hidden treasures?

Colossians 2:2-3 gives us the answer as we read. "to have all the riches of assured understanding and the knowledge of God's mystery...in whom are hidden all the treasures of wisdom and knowledge."

Worship the Creator this week and uncover the mysteries of His miraculous mercy and love as disclosed in God's Word. They will enrich each moment of your life with the indelible beauty of promised treasure.

Project Graduation receives donation

The 1999 Grayling High School Project Graduation Committee recently received a donation from the Grayling Generating Station.

Phil Lewis of the station presented Project Graduation chairperson Pat Papendick with a check for \$500 toward the annual graduation night event.

The event is designed to entertain graduating seniors at a chaperoned, all-night party that includes music, food, games, activities and prizes.

The Project Graduation Committee is a non-profit group and consists of many citizens who volunteer countless hours toward organizing fund-raisers, and planning the annual event, thus promoting a safe and sober way of celebrating high school gradua-

Mercy recognizes Weaver for dedicated service

Obstetrics nurse Deb Weaver has been recognized by Mercy Health Services North as part of the Friends, for Life staff recognition program.

Weaver was recognized for "the vital role she has demonstrated in providing excellent health care services to our patients," said Diane Friedriechsen. Director Community Relations for Mercy.

Weaver has been an obstetrics nurse at Mercy since 1983. Previous to that, she was on the Medical-Surgical Floor and also provided services through Amicare Home Health Agency.

She said she continues to love her position within the OB department and stated. "Helping people have a

STATE OF MICHIGAN Sale Description **ANNUAL TAX SALE**

IN THE CIRCUIT COURT FOR THE COUNTY OF CRAWFORD ORDER FOR HEARING NO. 98-4679-CZ

In the matter of the Petition of the State freasurer of Michigan, for and in behalf of said State for the sale of certain lands for unpaid proper

The State Treasurer has petitioned the court for a judgment in favor of the State, against each parcelof land described in Schedule A, for the unpaid taxes, interest and changes on each parcel of landand that the lands be sold for the amounts claimed due by the State

It is ordered that the petition will be brought on for hearing and judgment at the April term of this court to be held at Grayling, in the County of Crawford, on the 9th day of April 1999. At the opening of Court on that day, all persons

who have an interest in the lands or any pert there of, who wish to contest the hen claimed by the State, shall appear in this Court and file their objections with the clerk on or before the first day of the term of this Court mentioned above, and a judgment will be made as requested in the petition if the aniounts due are not paid

It is further ordered that the lands described in the petition, will be sold for the taxes, interest and charges on the first Tuesday in May thereafter, beginning at 10:00 A.M. on that day or days after. that are necessary to complete the sale of each parcel, at the office of the County Treasurer, or at a location selected by the Treasurer, at the County seat of the County mentioned above.

This sale will be open to the public and each parcel described in the judgment shall be separately offered for sale and sold to the person who pays the full amount charged against the parcel and accepts the smallest undivided interest in the property. Any parcel of land that is not sold on the first offering shall be reoffered on the succeeding day, or before the close of the sale. If not sold on the second offering the County. Treasurer shall bid off the parcel in the name of the State. Witness the Hon, Alton T. Davis, Circuit Judge

and the seal of said Circuit Court of Crawford County this 25th day of February, 1999. Countersigned, Dana M. Anderson, Deputy Alton T. Davis, Circuit Judge

STATE TREASURER PETITION IN THE CIRCUIT COURT FOR THE COUN-

TY OF CRAWFORD: In the matter of the Petition of the State. Treasurer of Michigan, for and in behalf of said State for the sale of certain lands for unpaid proper-

ty taxes. To the Circuit Court for the County of Crawford Mark A. Murray, State Treasurer of Michigan, shows unto the court

1. That he is the Treasurer of Michigan and files this petition under the provisions of P.A. 206 of 1893, as amended, and P.A. 380 of 1965, as amend-

2. That the attached Schedule A is the tax record required by the act and contains the description of all lands in the above county upon which taxes were assessed for the years mentioned therein and have remained unpaid for more than one year after they were returned delinquent or for land identified as certified special residential property under section 55a, 90 days after the lands were returned as delin-

3. That the amounts opposite each description of land are (a) the total amount of delinquent taxes which may lawfully be sold at the next annual tax sale. (b) interest calculated as provided by law to the first day of May, (c) a county property tax administration fee of four percent, with a minimum of \$1,00 and \$10,00 for expenses, all in accordance with the act mentioned above.

4. That all of the taxes, interest and charges are valid and have remained delinquent for sufficient time to require the sale of the lands against which they were assessed at the next annual tax sale, and constitute a valid lien upon each of the parcels of land, and that a judgment be issued in favor of the State against the land for the payment of the amounts specified, and if not paid, that the lands be

Therefore your plaintiff requests a. That within the time provided by law this court determines that the taxes, interest and charges on lands described in Schedule A are valid and constitute a valid lien upon each of the parcels of land. b. That within the time provided by law this court make a final judgment in favor of the State of Michigan against each parcel of land for the payment of the taxes, interest and charges, in Schedule A, and that the amounts in the column headed "Aggregate" shall constitute the amounts adjudged against the lands, unless amended by this court;

c. That if the amounts in the schedule are not paid, the lands, or the portion that is necessary to satisfy the amount adjudged against the lands, shall be offered separately at the tax sale as the law prod. That your plaintiff may have such other and

further relief that this court finds just and equitable. Date: February 1, 1999 Mark A. Murray, State Treasurer By Siyaswami Amarpath, Administrator,

Earned income tax credit can help lower-income families

Yes, it's tax time again. And there may be a tax refund or tax credit in the future of some of Michigan's working families. You may be eligible to receive benefits from the federal government's 1998 Earned Income Credit (EIC).

The EIC reduces the amount of tax owed and can offset some living expenses by helping to pay utility bills, for instance.

Who is eligible?

 Anyone who worked in 1998, earned less than \$30,095, and had more than one qualifying child living in the home;

• Anyone who worked in 1998, earned less than \$26,473, and had at least one qualifying child living in the home for at least half the 1998 calendar year; or

• Anyone who worked in 1998, aged 25 to 64, earned less than \$10,030, and did not have a qualifying child living in the home. What are the benefits?

• The amount of credit depends on the number of children in a family and the family's income. For example, the basic credit for a family ranges from \$2,271 to \$3,756, depending on the number of qualifying children.

• Working adults can claim a son, daughter, stepchild, grandchild, or adopted child if the child lived with them more than six months during 1998.

• The credit for anyone who worked but did not have a qualifying child could be as much as \$341.

How do you apply?

· You must file a federal income tax return (Form 1040A or 1040), along with Schedule EIC. For assistance, call the Internal Revenue Service at 1-800-829-1040.

Card of Thanks

We would like to thank the staff and students of Grayling Elementary, our friends, and family who called, sent cards or gifts, or kept us in your thoughts and prayers while Mallory was in the hospital. It was great to know that we had so much support from so many people.

It helped us get through some tough times. We would also like to thank the staff at Mercy Hospital who took care of Mallory. She thought the ambulance ride was pretty neat - thanks Charlie and Rita. Mallory is doing much better now. We appreciate all of the support everyone gave us. Thanks!

Thanks, BC Pizza Man

Mr. Jarvis came to our school, the children and teachers thought it was cool.

He showed us a movie to explain the whole plan. Then he gave us all dough balls, but not for the pan. He showed us the dough balls then we flattened them all. We pinched all the edges then slapped side to side. Next we tossed them in a spin to the sky. The circles were placed on the

screen and slid to the edge. Then he piled on the sauce and the cheese.

Pepperoni was next in their nice little rows then into the boxes they went. Gone for two hours then back with our treat. It was the BEST pizza We'd had to eat Come back ANYTIME to visit our school --You are so cool.

STOP, POLICE! - Officer Pizzarelli made a stop at the Frederic Elementary School recently to instruct first graders on the laws of pizza making.

Vikings lose to Chiefs in District final game

by Caleb Casey **Staff Writer**

The Grayling High School Varsity Basketball Team came up one quarter short of a District Championship on Friday, March 12, after being outscored 26-13 in the fourth period by the Cheboygan Chiefs in the District final game.

The game was close for the first three quarters, but Cheboygan owned the fourth, and came away with the victory, 73-56.

The first quarter ended in a 16-16 tie. Cheboygan took an early 5-1 lead, but Grayling countered with a 10 point scoring run to go up 11-5. The Chiefs hit their second three-pointer of the quarter, and then a two-point bucket to pull

within three. Grayling scored five straight points, and Cheboygan finished the quarter on a six point scoring run to tie the game at 16-

The second quarter featured more even scoring, with neither team able to gain a significant edge. Brad Ritter scored the final points of the half, hitting two of two at the free throw line to put Grayling up 33-31.

Ritter's strong performances under the basket and on defense helped to keep the Vikings in the game. Ritter scored 12 points in the first half.

Grayling kept the score close in the third period, but towards the end of the quarter the Chiefs started to gain a little momentum.

The Vikings lost starting for- The final score was 56-73. ward Dave Hawkins early in the period after he was called for two quick fouls, his fourth and fifth of the game.

Grayling started to have some trouble putting the ball in the hoop near the end of the third, and Cheboygan scored five unanswered points to finish the quarter. Gravling trailed by four going

into the final quarter, 43-47. Still, it was anybody's game.

The Chiefs opened the fourth with a three-pointer, which was the start of an 11-0 run for Cheboygan. Grayling could not put the three pointers in, and the Chiefs continued to score points.

Cheboygan took the victory, and with it the District championship.

"We played well for two-and-ahalf quarters," said Coach Rich Moffit. "Cheboygan responded during crunch time and we did not. We had key players in foul trouble. Also, we had key players that did not play well."

"Brad Ritter played well in the first quarter," added Moffit. "Huber and Tobin gave us a solid effort all game long."

Eli Tobin was the high scorer with 16 points. Ritter scored 12.

In order to advance to the District final game, Grayling had to beat the Petoskey Northmen on Wednesday, March 10. The Vikes fared much better in that game, winning by a final tally of 79-58.

The score was tight for the first few minutes of the game, but with 5:12 remaining in the opening period the Vikings used aggressive defense and solid shooting from the floor to go on an 11-0 scoring run. Gravling led 20-8 with just over three minutes left in the first.

Petoskey took advantage of a few Grayling turnovers near the end of the quarter to score eight unanswered points, including a pair of three-pointers. The run cut Grayling's lead to four, 22-18.

The Vikings countered with a seven point scoring run, which included a breakaway dunk by Nate Hinkle, a three-pointer by Hinkle, and a drive to the basket by Hawkins.

GHS led by 11 after one quarter of play, 29-18.

Hinkle had a big first period, scoring 17 points for Grayling.

Grayling edged Petoskey in second period scoring 14-13. Mike Ostwald did a nice job of getting open down low, resulting in some quick lay-ups underneath for the senior forward. Nate Beckwith, Hinkle and Hawkins also scored points in the quarter.

The Vikings led 43-31 at halftime. (Continued on Page 3B)

Evon takes 2nd place at State Wrestling Finals

Two Grayling High School the final match by a score of 1- athletes like Evon and CdeBaca, CdeBaca, headed to the Joe Louis Arena on Thursday, March 11, to take part in the MHSAA State Wrestling Tournament.

Evon ended up taking second place in his weight division (103 pounds), after losing the championship match to a wrestler from Williamston.

Matt beat Cynthia Harrold of Saginaw Buena Vista (the first female wrestler to compete at State) by a score of 17-3, Richie Steffen of Brooklyn Columbia Central 13-8, and Tom Kareus of Gladwin by a score of 2-0 to get to the championship round.

Evon lost to Nick Simmons in

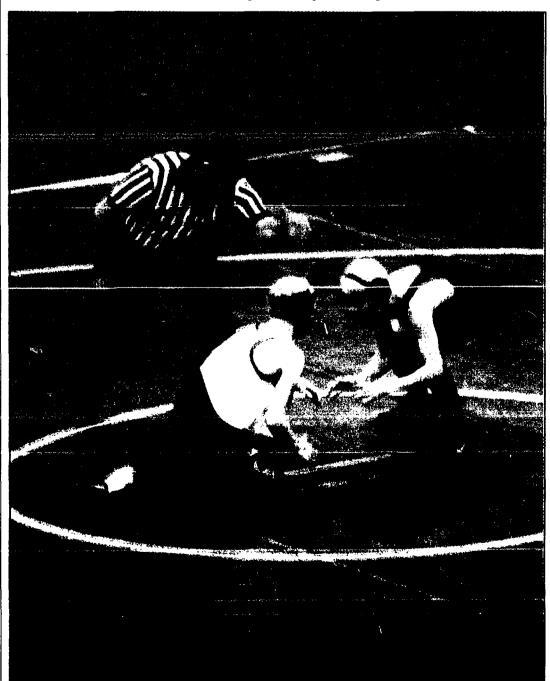

wrestlers, Matt Evon and Victor 16. Matt was only the second as these young men made everywrestler that Simmons failed to pin this year.

Evon, a junior, finished the season with a 55-2 record. His 55 wins have set a new GHS record for most wrestling victories in a single season. Next year he will have a shot at breaking the GHS record for most career high school wrestling wins.

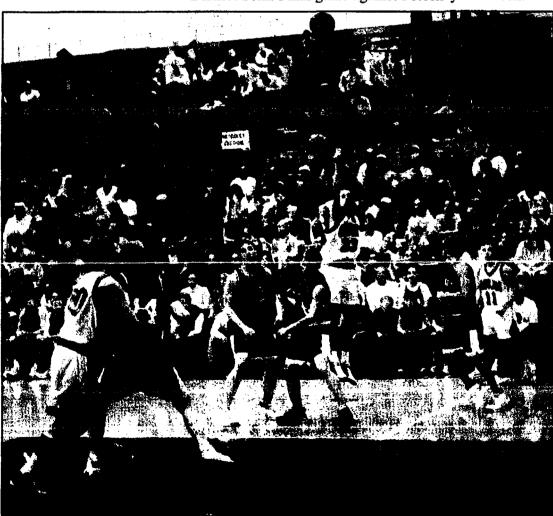

CdeBaca lost his two matches at State (one by pin and the other by a score of 3-5) and was unable to advance. Victor (189 pounds) finished the season with a 27-24

"The community of Grayling should be grateful and proud for one at Joe Louis take notice of their ability and their abundance of sportsmanlike behavior on and off the mat, and represented our community at the highest level at this state-wide championship event," said Evon's grandfather.

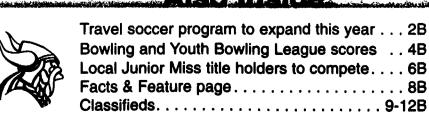

"It is a great accomplishment to make it to the State level as Victor CdeBaca did," said Deb Weaver, who attended the State Finals at Joe Louis Arena. "Matt Evon's hard work and dedication paid off when he became the second best wrestler at 103 pounds in the state of Michigan. If you see Matt or Victor please congratulate them."

CHAMPIONSHIP MATCH -- Grayling's Matt Evon squares off against Nick Simmons for the 103 pound division state championship.

JUMPER -- Nate Hinkle (#23) takes a long jumper. Travis Huber (#11) hangs out at the perimeter and Brad Ritter (#50) moves in for a potential rebound.

Travel soccer program to expand this year

The Grayling Soccer Club (GSC) has decided to expand the number of travel teams and start a developmental program to accommodate the growing interest in the travel soccer league.

The club currently has one U-14 travel team and plans to add a U-12 team to compete in the American Youth Organization (AYSO) league. The AYSO league includes teams in Roscommon, Houghton Lake, Pinconning, Standish, Gladwin, Tawas, Oscoda and Fairview.

Soccer

and is over by the end of the school year. The new U-12 team will be open to anyone between the ages

of 10 and 12. There will be a registration fee and an increase in time and commitment by the player and the parents.

Those interested should contact Katy McNamara at 348-8679.

"Last fall we revived the Grayling Soccer Club and formed the first travel soccer team Grayling has had in some time. The team had a great year, actually pulling off four wins in a tough league for us," said Coach Steve Langseth. "We had so many players sign up the first season, we had difficulty getting everyone the playing time they wanted."

"Adding just one more team may not be enough to get everyone who wants to play on a team," continued Langseth. "The issue is making sure we have trained coaches, certified referees and access to good fields, as we add

The spring season starts in April teams. Those things take some time and effort to develop and you need them to make sure the kids and parents have a quality soccer experience."

> There will be a limited number of openings to fill for the U-14 travel team spring season. Those interested should contact Steve Langseth at 348-2019.

GSC is tentatively planning for a skill-based developmental program for players interested in participating in travel soccer in the future. This program would be open to

anyone 6-10 years of age and will have regularly scheduled camps during the season. This tentative program will not

interfere with the Grayling Recreation Authority recreational soccer program.

The decision to implement the program will be based on player interest and parent volunteerism. Those interested in the developmental program should contact Steve Langseth at 348-2019.

For those considering playing soccer and baseball, the spring season does overlap with baseball, but does not prevent a player from participating in both sports. Soccer starts in April before baseball and ends in late May or early June, depending on the team. During May there is a short, manageable overlap between the sports.

Travel soccer games are played on Saturdays, which does not conflict with baseball games, which are played on weeknights.

DISABLING FOOT PAIN

A study published in the American Journal of Epidemiology states that one in seven older women is disabled with foot pain. Previous studies have suggested that more older women than older men are likely to be thus, possibly because women are more likely to have arthritis and other condition responsible for foot pain. In a group of 1,000 women age 65 and older, approximately 14 percent had chronic or severe pain of at least one month's duration in the previous year, and the pain rated a minimum of 7 on a severity scale from 0 to 10. These women had more difficulty standing, walking and performing daily chores and routine personal care than women with moderate

or no foot pain. An accurate diagnosis is the first step

toward treating any foot problem. And because each foot problem is different from anyone else's, your podiatrist needs to evaluate your problem individually. Depend on it - whatever is causing your foot pain, whether it's wear and tear, disease or injury, a hereditary condition, or any number of ills that can plague the feet - you can count on GRAND TRAVERSE FOOT & ANKLE CENTER, P.C., 1209 E. 8th Street, Traverse City. Phone: 922-9100 & 800-968-7440. Offices in Traverse City, also Kalkaska Memorial Health Center Monday & Wednesday afternoons and evenings

Vikings lose to Chiefs in District final game

(Continued from Page 1B)

Grayling continued to control the game in the second half.

The Vikes outscored Petoskey 18-16 in the third period, and topped the Northmen 18-11 in the fourth to finish strong and earn a trip to Friday's District final game.

The final score was 79-58 in Grayling's favor.

Hinkle led the scoring with 34 points. Hawkins put in 18.

"Our kids set the tone early at the defensive end of the court. Tobin, Huber, Millikin and Hinkle played outstanding defense," said Coach Moffit.

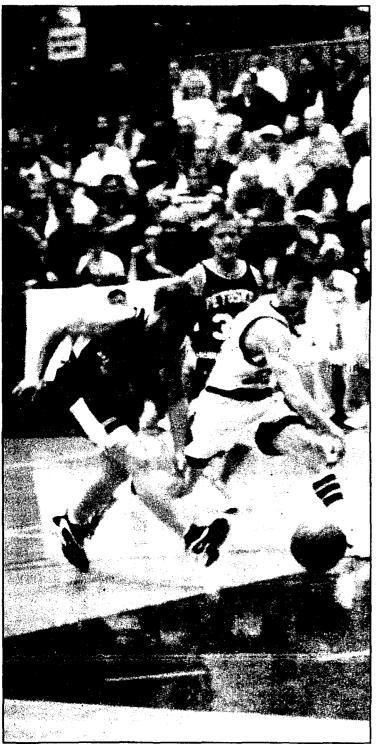

"We also played very unselfish and distributed the ball to the open man," added Moffit.

The Varsity Vikings finished the '98-99 season with a 13-9 overall record (including Districts).

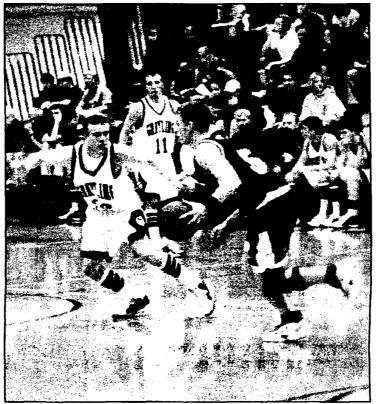

During the regular season GHS was 12-8 overall, 9-7 in a competitive North East Michigan Conference (NEMC), and 3-1 outside of league play.

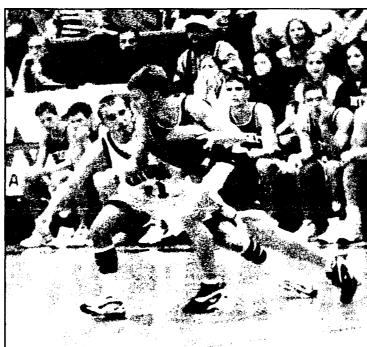

CHARITY STRIPE -- Forward Dave Hawkins shoots from the free throw line.

PERIMETER "D" -- Eli Tobin steps up to play defense on a Petoskey player.

DEFENSE -- Travis Huber guards the Petoskey ballhandler.

Bear's Bowmen host 3-D archery shoot

The Bear's Bowmen hosted the Terry Barr Memorial Archery Shoot on Sunday, March 14, at Hanson Hills. The event was an indoor, 3-D competition that featured numerous targets, including deer, bear, boar, turkey and bobcat.

A few of the smaller targets were put on moving or rotating supports, which created targets in motion, an added challenge for the participating archers.

Archers shot from behind trees, on top a tree stand, and from a wobbly platform to help simulate the effects of being out in the wild.

Archers of all ages, both children and adults and men and women, took part in the event. The following are the winners and their scores, by division:

Local Junior Miss title holders to compete at state level

by Cheryll Ruley Staff Writer

Two young ladies from Crawford County will be among 22 contestants competing for the 1999 Michigan Junior Miss title on March 20 in Alpena.

Grayling Junior Miss for 1998, Jessica Becks and 1998 Frederic Junior Miss, Sarah Kaiser will represent their towns and vie for the

Becks is the daughter of Bob and Carol Becks of Grayling, and is a senior at Grayling High School.

Kaiser is the daughter of Gene and Penny Kaiser of Frederic, and is a senior enrolled through the home schooling program of Noah Webster Academy.

Contestants will arrive in Alpena on March 14 to compete for over \$9,000 in cash scholarships, and over \$200,000 in college scholarships.

The young ladies' week stay in Alpena will be full of activities and learning experiences. Along with a

Academy (USAA) announced that

vigorous rehearsal schedule, they will attend seminars planned by the Junior Miss Committee.

A visit to Olde Town Alpena will include a tour of historic homes. They will also visit the Jesse Besser Museum and the Planetarium.

While visiting the public safety

building, the contestants will receive a mini-course on self-defense, first aid and CPR.

A tour of Alpena Community College will include classroom visits and a first-hand look at college

The young ladies will also go on a

shopping trip to take advantage of the many unique shops in the Alpena Area.

Contestants will attend a special luncheon with the Alpena Kiwanis Club and the Alpena Area Chamber of Commerce Annual Banquet Dinner.

While in Alpena the young ladies will be lodged with 11 host families.

The winner of the Michigan Junior Miss contest will be crowned following the program on Saturday March 20 at Alpena High School's Stanley C. Beck Auditorium. She will have a chance to represent Michigan at the national program, America's Junior Miss in Mobile, Alabama scheduled for late June.

Tickets for the March 20 finals, that begin at 7 p.m., are \$15 for the main floor seating, and \$10 for the upper balcony.

Tickets are available on a firstcome basis at the Holiday Inn of Alpena, 1000 Hwy. U.S. 23 North, Alpena, MI 49707, Attn: Michigan Junior Miss Tickets.

Travis Pearl of Grayling has been named a United States National Winner for Physical Award Education.

This award is an honor very few students can ever hope to attain. The Academy recognizes fewer than ten percent of all American high school students.

Pearl, who attends Grayling High School, was nominated for the award by Rodney Patterson, a teacher and coach at the school.

Pearl will appear in the United

States Achievement Academy Official Yearbook published nation-

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly, USAA winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors, and other qualified sponsors

set forth by the Academy.

The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Pearl is the son of Dan and Molly Van Nuck of Grayling. His grandparents are Donald and Betsy Millikin of Grayling; Ken and Betty Pearl of Kalkaska; and Carol Pearl of Lansing.

McClain selected as local dance 'Sweetheart'

Brandi McClain was selected to represent her community as "The Sweetheart" at the I Love Dance International Championship Convention to be held at the Venetian Resort Hotel Casino in Las

Vegas, Nevada.

Over 50.000 dancers will participate in the preliminary dance competition held this season from coast to coast, Canada, and Australia. Of those, only 80 will be selected to become members of the finest, most talented Dance Company in America.

McClain, the daughter of Dave and Gayle McClain of Grayling, was selected in Cleveland, Ohio as the dancer showing the most potential and was awarded the status of "Sweetheart." McClain has been

Tournaud School of Dance Studio for the last 14 years.

Throughout the ten days in Las Vegas, McClain, accompanied by her mother, will take master classes with world-renowned teachers. Members of the Sweethearts will also be performing individually throughout the week and then together as a group for the finale production performance of the Championships on the evening of July 6.

Even though this trip is a once-in-

studying dance at the Louise a-lifetime opportunity, there are some costs involved, including airfare and lodging. I Love Dance will be providing \$1,500 in master classes, costuming, selected meals, and entertainment.

> If you would like to help McClain defer some of these expenses, please send donations to Brandi McClain, 401 Lake Street, Grayling, MI

Teen smokers could lose driver's licenses

Capital News Service

Lansing - Teens under 19 caught smoking a second time could get their driver's licenses suspended for 60 to 90 days, if a proposal in the House becomes law.

But some people believe that type of punishment wouldn't deter tobacco use.

"Teen smoking is way up and way out of control," says Rep. Alan Sanborn, R-Richmond Township, who sponsored the bill. "One thing more important to kids other than smoking is their driver's license. They would rather drive than smoke.'

About 3,000 teens start smoking daily nationwide, according to the American Lung Association of Michigan.

Sanborn's measure also would apply to teens who are caught purchasing and possessing tobacco. The plan would give judges discretion to issue restrictive licenses letting them drive to school and jobs.

In Michigan, the minimum age to purchase tobacco is 18. Sanborn said teen smoking leaped 73 percent nationwide from 1988 to 1996 and that current laws fail to curb the

"I don't want to see kids smoking," said Sanborn, who worked with teens for 20 years when he was a Macomb County probation officer. "They think they're immortal and think they won't get lung cancer or emphysema."

A Sterling Heights student contends the law would only make students better at hiding their smoking without preventing it.

"If people want to smoke they're going to smoke," said Sterling Heights High School student Scott Custance, 17. "I don't understand what taking away your driver's license has to do with smoking."

Custance, a non-smoker, said it would be difficult to consistently ticket minors who smoke. Instead, he believes higher cigarette costs would be a better deterrent.

Michael Darga, the assistant principal of Armada High School, said tickets are issued to students caught smoking on school grounds by teachers and administrators. After the school files a report, the County Sheriff's Macomb Department tickets the student, who later has to appear in court.

But Darga said the current policy isn't working because students merely get warnings and occasional fines. "I'm sending kids to court for multiple incidents and they're just getting a slap on the wrist. We need consistency and we don't have it. I kinda feel like I'm standing there by myself and getting no sup-

He said the number of smoking reports at his school can vary from three in a month to seven in one

"It really gets to be a cat-and mouse game," he said. "And when I catch them I catch them, but a lot of times they walk by smelling like smoke and I didn't see anything."

John Iras, a health consultant for the Warren Consolidated School District, said lawmakers must consider issues like enforcement and community response when debating such legislation.

'Conceptually, it's a great idea, but there are some other issues," he

Sanborn's bill isn't the only recent attempt to combat teen smoking in Michigan. Last year, a law was approved to ban billboards advertising tobacco products.

Beverly DeCenso, communication director for the American Lung Association of Michigan, said laws should deter teens from smoking before they start.

"Going after children who have started smoking and shaking your finger at them won't do any good," she said.

"Punishing children who buy tobacco is not the most effective way to stop them from buying tobacco. We need to reinforce it at the retail level."

Neon most stolen car in state of Michigan

If you own a late-model Oldsmobile Cutlass, your car has the dubious distinction of appearing on Michigan's "Top 10 Most Stolen Car" list not once, twice, but four times in 1998 (based on model уеаг).

Dodge/Plymouth Neon appears three times, but ranks highest as "the most stolen car."

No utility vehicles appear on this year's list.

Preliminary reports suggest that 1998 Michigan auto thefts will continue to decline. In 1997, the number of thefts fell five percent from the previous year. From 1986 to 1997, Michigan thefts have

same time period the national theft rate has increased 11 percent.

James Oliver, senior vice president, Property and Casualty Insurance for AAA Michigan, noted that 59,826 auto thefts occurred in Michigan in 1997. He added that a VIN statewide (Vehicle Identification Number) etching program conducted by AAA and the Auto Theft Prevention Authority (ATPA) should help reduce those numbers further in 1999.

Oliver serves on the board of directors of the ATPA.

"Not only does VIN etching make a car less appealing to car thieves, but an etched vehicle may qualify decreased 17 percent. During this for a discount on the comprehensive

portion of an auto insurance premium," said Oliver. AAA Michigan, for example, offers a five percent discount for etched vehicles.

In addition to proactive anti-theft measures, AAA Michigan is strongly committed to fighting all forms of insurance fraud. Since 1984, when Michigan's Claims Investigation Unit (CIU) was established, the company has successfully deterred fraud on more than 8,800 claims, saving its policyholders

To help reduce the chances of becoming a victim of auto theft, AAA Michigan offers the following

- · Lock it and pocket the key. • Park in a well-lt, well-traveled
- Don't leave valuables in view.
- Turn on auto theft devices, such as kill switch or alarm.
- Etch windows with Vehicle Identification Number (VIN).

For The Week Of March 28-April 3

ARIES March 21-April 20

New opportunities may develop out of your strong personal relationships. Stay open-minded and flexible Take the bull by the horns and try to overcome that emotional turmoil that's been bothering you. You can do it!

TAURUS April 21-May 21

Last-minute changes in plans can't throw you for a loop. Be flexible and ready with some ideas for the change. You can help coworkers feel more comfortable in a sticky situation if you cooperate with others and lead the way.

GEMINI May 22-June 21

Is all your financial information in order? You had better get on it before it's time for you start on your taxes. Don't let a relative or close friend push you into doing something you really don't want to do. Don't be afraid to be assertive.

CANCER June 22-July 22

Are your family and friends feeling neglected because of your work and responsibilities? Set aside some time for them this week. A good friend has some valuable advice that could help with a problem at home, so don't brush it aside

LEO July 23-August 23

Did you remember everything you were going to do for your taxes this year? Instead of tackling them on your own, this might be the year to turn to a professional. An acquaintance needs your help in the near future. Be there for him/her.

VIRGO August 24-September 22

Clear your schedule by the weekend. It's time you spent a couple of days with your family. Your family members need you, and you really need them. Besides, time spent not working will make you even better equipped to tackle next week

LIBRA September 23-October 23

Be careful who you listen to when it comes to your taxes this year. You may not have gotten the best advice last year. Don't make the same mistake again. Busy days are ahead. Start planning for them now. Your organization will pay off in the end.

SCORPIO October 24-November 22

Progressive thinking will keep that project you're working on fresh. You will want to stay open-minded, too. Your boss will appreciate your ideas. Remember to thank the friend who has been so helpful to you the past couple of weeks

SAGITTARIUS November 23-December 21

Your busy schedule has kept you running, but don't forget one important thing-taxes. Get them done now before they get lost in the shuffle. If you think you're busy this week, next week should prove to be an even bigger challenge.

CAPRICORN December 22-January 20

If a deal seems too good to be true, it probably is. Watch yourself. Don't jump in before you have all the facts. Read up on the project or investment and check out what consumer magazines have to say. Watch for tight deadlines at work.

AQUARIUS January 21-February 18

Do you need a new way to get an idea across? Approach the right people and give them a presentation that will knock their socks off. Your communication with a loved one may not be going well, so be careful of

PISCES February 19-March 20

You were wise to get your taxes done early. Have you decided what you want to do with your refund? Why not put it to good use? You could take a financial class so you can do your own taxes or learn how to invest more wisely.

RECIPE OF THE WEEK

BUTTER SHORTBREAD COOKIES IN ZIP

3 cups (6 sticks) butter. softened 2-1/4 cups powdered sugar 6 cups all purpose flour

1/2 tsp. salt 1 tbsp. vanilla 1-1/2 tsp. lemon extract

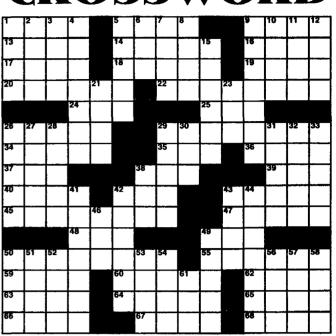

Beat butter and powdered sugar in large bowl until light and fluffy. Mix in flour and salt; mix vanilla and lemon extract. Refrigerate dough until very firm, about 4 hours. Divide the dough

into 3 equal parts. Roll 1/3 of the dough on well floured surface into 3 equal rectangular shapes (12x6 inches). Score dough with sharp knife crosswise and lenathwise in halves to make 4 rectangles, or cut into shapes with 3-inch cookie cutter. Place dough on greased cookie sheet and refrigerate. Repeat with remaining dough. Bake cookies at 325 degrees for 30 minutes, or until barely beginning to brown. Cool on pans on wire rack. Cut large rectangles into 6x3 inch bars with sharp knife while still warm.

HOME NEEDED - This 9-10 week old male Chow mix puppy is gentle, cuddly and has beautiful eyes. He is not housebroken yet but is available for adoption. To adopt any of the pets available, stop by or give the Animal Shelter of Crawford County a call at 348-4117.

I'M WRITING THIS LETTER with the deepest of apologies, to the couple that was bowling at the Legion Lanes at 3:30 p.m. on the 8th of March. I behaved in a very unprofessional manner. I let my work problems override my common sense. I should not have spoken in such a manner. I would like you to know that the way I spoke is not the policy of the American Legion nor was my behavior the policy of the American Legion. It is with a lot of shame and humility that I extend my deepest apologies. I sincerely hope you will come back and let me pay for the games that I so rudely spoiled. My behavior was in no way that of the American Legion. With my sincerest apology, Dale Kirchoff.
